

THE HERALD

VOLUME 34/NO. 1, 2024

Empower children and families to experience the transforming love of Christ through evidence-based care and holistic services.

A *Word* from our President Kitwana McTyer

President & CEO, Residing Hope

The Florida United Methodist Children's Home was first established in 1908 as the Florida Methodist Orphanage. Thanks to the generous support of friends like you over the years, the Children's Home has grown into a holistic organization serving abused, abandoned, and neglected children from across the state of Florida. That continued growth over the years led us to the realization that we have outgrown the Children's Home name and needed something that better represented the purpose we serve and the broad range of services we provide. That new name is **Residing Hope**.

Deciding on a new name was neither quick nor simple. Our six year journey to the new brand unveiling included a period of discernment, a Covid disruption, and going through the process of identification and selection. It is a name that we believe is reflective of a time tested ministry that has long enjoyed a strong connection with Methodist churches around the state. Our commitment to these longstanding partnerships remains steadfast.

In selecting our new name, we wanted one that reflected the organization we have become while staying true to our history. We believe it also reflects our steadfast mission as a faith-based organization: Empower children and families to experience the transforming love of Christ through evidence-based care and holistic services.

The word **hope** is commonly used to mean a wish or desire. But in the Bible, hope is the confident expectation of what God has promised and the strength of His faithfulness. **Residing Hope** defines us both figuratively and literally, as the place where hope lives and grows. Our new logo reflects who we are and thoughtfully demonstrates our mission and values. Each component tells part of the story of **Residing Hope**.

We believe that **Residing Hope** expresses optimism and the opportunity of a better life for the children and youth we serve. It's that compassionate care that drives everything we do across all of our services and locations. It's your continued support that makes it all possible, for which we remain grateful.

The Meaning Behind the Logo

The **cross** in the logo represents our commitment to our faith-based values and recognizes our rich 116 year history as a Methodist organization.

The **heart** reflects the love and care provided through all of **Residing Hope's** services.

The **sunrise rays** are indicative of the hope found in a new day. It also speaks to the hopeful futures that our children and youth are able to find at **Residing Hope**.

The **uplifted hands** in worship demonstrate hope and the promise of transformation that can be found through faith and prayer.

Donor Advised Funds

Take Control of Your Charitable Dollars

What Is a Donor Advised Fund?

A Donor Advised Fund (DAF) is an account you establish with an administrator such as a nonprofit, bank, investment firm or other financial services provider. Some institutions have minimum amounts and differing distribution requirements. However, all feature one benefit: You give to the fund when you want, then advise the administrator. Just remember this is an “advised” fund, so the administrator is not bound to follow your advice. However, administrators almost always follow the account holder’s advice unless there is a problem with the intended recipient.

A DAF is an account authorized by Congress and recognized by the Internal Revenue Service. You receive an income tax deduction each time you contribute to your fund, as opposed to when the funds are distributed to a nonprofit.

Is a Donor Advised Fund Right for You?

If you like controlling the timing of your income tax deduction that results from giving to Residing Hope or other favorite charity, then a Donor Advised Fund makes sense. It’s generally easy to establish and is a hassle-free way of giving to your favorite causes.

Benefits of a Donor Advised Fund

- Control the timing of your deduction and donation
- Effortlessly give anonymously to your preferred charity
- Pass ownership to children or friends to create a legacy

Other Considerations

- Receive an income tax deduction now, give to charity later
- Your account gives, not you, so your identity is revealed only if you want
- Your account can accept stock for capital gains benefits

If any of these benefits appeal to you, then a Donor Advised Fund may be right for you. It allows you more control of your charitable dollars, especially for maximizing your charitable income tax deductions.

Recognizing Our Valued Partners at Day On Campus

We were excited and blessed to welcome more than 500 guests to Enterprise on Saturday, March 16th for our annual Day On Campus. Guests arrived from all over Florida to tour the campus, attend presentations on Foster Care, Trauma Informed Care, and Planned Giving, as well as enjoy a tasty lunch.

During the main program in the gym, we honored those partners who have gone above and beyond last year in supporting our ministry. Our 2023 Church of the Year was Anona UMC in Largo. One of the things they've been doing annually is their Fill-a-Truck with Linens event, providing bedding for our children. They have also consistently been one of our Top 25 Giving Churches.

The Pastor of the Year award went to Rev. Jim Divine of Lake Deaton UMC in Wildwood. In addition to being a strong advocate for the Fifth Sunday Offering, Rev. Divine has led Lake Deaton in an annual Christmas In July drive providing gifts and needed items for our children. Over the past summer, he led a group of cyclists in Bicycling Across Kansas to raise funds and awareness for Residing Hope.

A key individual at churches who actively advocate for Residing Hope and the needs of our children to their congregations is the Local Church Representative (LCR). Much of what is done here would not happen without their dedicated work.

The Local Church Representative of the Year award went to Larry Kozak at First UMC Sanford. Larry has been the LCR there for more than ten years and has been instrumental in organizing their annual school supply drive for our children as well as a Christmas gift card drive. He has also organized volunteer groups for Day On Campus and other events.

First Church Oviedo was recognized as the Engagement Team of the Year for their passionate support of our ministry. They organized multiple volunteer groups, donation drives, and hosted monthly dinners in the cottages for the children as well as parties for Valentine's Day and the end of the school year.

The Community Partner of the Year award went to Advent Health Fish Memorial Hospital in Orange City. They provided CPR/First Aid training for youth and team members, hosted holiday events for the children, and collected a large number of gifts for them at Christmas.

As Apostle Peter wrote in his First Epistle, "Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms." Our partners who we honored at Day On Campus, as well as many others, have truly served as faithful stewards in their support of Residing Hope.

David Gerald, LCR for Anona UMC

Providing Hope Through Outpatient Counseling

In 2019, Circle of Friends Services became a division of the Florida United Methodist Children's Home. This was a very important and impactful addition to the growing range of services being provided by the Children's Home at that time. By providing trauma-based therapy to children and families at an earlier point, it is possible to avoid the need for higher levels of care including therapeutic residential care and foster care.

Today, Residing Hope Outpatient Counseling remains a critical service available through Residing Hope. These services are provided on the belief that all individuals, both children and adults, can cope with traumatic life events and go on to lead productive lives with the proper help and support. There are a wide range of counseling services available, and are provided in the home, at school, or in the more traditional office setting.

Individual/Family Therapy

As the therapeutic process begins, the therapist will assess the best path to bring the client and their family to permanence, whether that means a child reunited with their family or a successful adoption placement. Therapists at Residing Hope are trained to assist in

adoption as well as a wide range of trauma related cases. Residing Hope therapists are Adoption Competent Trained and receive training in trauma treatment.

Infant Mental Health

Therapists who are specially trained in working with the zero to five year old population are able to provide early intervention strategies for children and their caregivers. Research has shown that early intervention with this young population is vital for securing appropriate attachment as well as healthy emotional growth and development.

Supervised Therapeutic Visitations

The removal of a child from a biological home and subsequent placement in foster care can be a very stressful time for all of those involved. Our therapists mentor parents and children in a therapeutic setting to make visitation part of a healing experience.

Comprehensive Behavioral Health Assessment

Every child sheltered in the state of Florida receives a comprehensive assessment as the initial step in creating a care plan for the child's permanency. The child's developmental, medical, education, and emotional needs are all assessed in planning for the child's successful future.

If you believe someone you know would benefit from the services provided by Residing Hope Outpatient Counseling, have them call 386.259.5413.

Post Adoption Support Group

Adoption is a lifelong journey that involves all members of the newly formed family. The Post Adoption Support Group available through Residing Hope is designed to help families through the "normative crisis" of every adoption. These normative crises are usually connected to the core issues of any adoption, including the experiences of loss, memories of the biological family, and post traumatic symptoms of the adoptive child.

Residing Hope's Outpatient Counseling program has offices in DeBary (Volusia County), Bradenton (Manatee County), and Kissimmee (Osceola County). Additionally, licensed therapists provide counseling services in Sarasota, Seminole, and Volusia Counties.
