DAY OF HOPE II

Our Day of Hope on March 19th proved to be a resounding success! We had simply beautiful weather on a crisp clear day. We received more guests than we anticipated and as you can see with these pictures, an amazing time was had by all!

LCR SPOTLIGHT ON JANNEANE BAKER FROM ALDERSGATE UMC IN SEMINOLE, FLORIDA

When I became the LCR for Aldersgate UMC, I definitely heard God say "I want you to become the LCR."Of course I said, “Lord are you sure?" and HE said, ”Yes you know how these children feel and all the emotions."

I was born and raised in Kansas. I was left by my biological mom when I was 9. I was placed in a Methodist Children's Home in KS. My parents were foster parents and got me at the Children's Home and adopted me when I was 10. So they adopted me into a wonderful Christian family and I also got a sister. My dad was a minister. The first time I met my mom she gave me a necklace with a mustard seed in it and the scripture from Matthew 17:20, "If you have Faith as small as a grain of mustard seed, nothing is impossible." I did not know at the time how that scripture would keep coming back to me my whole life. Also that God had a plan for my life and HE sure did and Has shown me and guided me.

I can't say enough about how wonderful Residing Hope is for these residents. To provide Christian therapy and upbringing. I see what the residents have accomplished and the special people they are becoming. I have attended Day on Campus for many years. This year when I attended DAY OF HOPE on February 21, God revealed something new to me. As I walked the campus, what reached out to me was THE BRIDGE OF HOPE. HOPE for each day for these residents, staff and whoever might pass by the Bridge of Hope. Hope and faith and trust in God. How awesome and perfect that the name should be changed to RESIDING HOPE.

Janneane Baker, LCR Aldersgate UMC, Seminole.

APRIL LCR LUNCHTIME CHAT

We will meet by Zoom on the fourth Tuesday of most months to facilitate collaboration and communication with each other on a regular basis. Join us by Zoom on Tuesday, April 28th at 12:00 Noon to learn about recent happenings at Residing Hope, discuss best practices, ideas, challenges and support for each other, as well as build stronger relationships. We will also be able to review both of our Day of Hope Events. If you have any issues receiving the link or don't receive the internet version, please contact Brian Carr at 386.351.5136 or Brian.Carr@ResidingHope.org.

A MESSAGE OF HOPE FROM OUTPATIENT COUNSELING

Last year, Residing Hope Outpatient Counseling Services provided trauma-informed, evidence-based therapeutic treatment to more than 600 individuals across Florida. Many of those we serve are connected to the dependency care system (through DCF) and come to us carrying deep trauma, grief, and uncertainty - yet they also arrive with resilience. We meet them with carefully selected, highly trained clinicians, who are compassionate and utilize evidence-based interventions designed to support true healing. Our team helps individuals and families make sense of what was while guiding them toward a future where trauma can be healed and transformation is possible.

As we look ahead, we remain committed to expanding access, removing barriers, and serving more children and families throughout Florida. We are deepening our partnerships with churches and congregations who share our passion for mental health, allowing us to bring outpatient services directly into local communities where support is greatly needed. If you think your church would be interested in partnering with us by providing services in your local community, please let us know. We are also increasing our in-network insurance participation and continuing to accept Medicaid so families have multiple pathways to care. And, we are creating a fund to support the "un/underinsured" population of individuals and families who are in need of mental health counseling support.
